Agency Efforts

The Christian County Jail continues to make every effort to educate staff, volunteers and inmates on PREA issues. Our reporting methods remain unchanged from previous years and all inmates are provided upon intake with PREA reporting information. The Christian County Jail has implemented updated screening tools, training and educational materials for both, employees and inmates.

The Christian County Jail, pursuant to Federal and State statutes, has scheduled to have our PREA Audit conducted in 2026.

Recommendations

The agency should maintain and possibly increase inmate education efforts in line with the agency's goals with regard to PREA. Staff training should continue to exceed recommended levels to further enhance the agency's ability to combat sexual abuse and harassment. Additional cameras for video surveillance should be considered in certain areas. Audio capabilities for some surveillance locations should also be considered.
